

Description

6 en-suite and 2 assisted bathrooms for respite care centre and hospice.
Mainly short-term care for seriously ill young adults.
Various degrees of independence/dependence

Pressalit Cares solution:

- Horizontal Wall Tracks
- Wash Basin Bracket, gas assisted
- Support Arms
- Half-height shower curtain
- Shower Chair 410
- Shower Mixer Bracket
- Shelving and Baskets

Effect

Track mounted products are utilised to make best use of a relatively small space in the en-suite bathrooms. Movement of products frees space where needed and provides a solution that can be adjusted for multiple user requirements.

Shower seat can be moved away from the corner to give carer better access.
Hand washing within reach of the toilet by means of movable basin.
