Montpelier Estates Limited
62 Church Road
Wheatley
OxfordshireOX33 1LZ

Challenge

- ▮ To offer solutions which meet the needs of residents with varying degrees of dependency and provide a safe working environment for carers

Solution

- ▮ Horizontal wall tracks
- ▮ Wash basin bracket, gas assisted
- ▮ Support arms
- ▮ Half-height shower curtain
- ▮ Shower chair 410
- ▮ Shower mixer bracket
- ▮ Shelving and baskets

Effect

- ▮ Track mounted products are utilised to make best use of a relatively small space in the en-suite bathrooms.
- ▮ Movement of products frees space where needed and provides a solution that can be adjusted for multiple user requirements.
- ▮ Shower seat can be moved away from the corner to give carer better access.
- ▮ Hand washing within reach of the toilet by means of movable basin.
