

Description

6 en-suite bathrooms for independent living units
 Medium term occupancy (approx 9 – 18 months)
 Varying degrees of dependency with encouragement towards independence
 Various mobility aids, mainly wheelchairs
 Young adults

Pressalit Cares solution:

All track based products:

- R4760 Wash Basin Bracket
- R2050 Ergonomic Wash Basin
- R3548 Support Arms
- RT756 Shower Mixer Bracket
- RT104/RT600 Shower Rail and Holder
- Number of 410 Shower Chairs to locate in room when needed

Effect

The bathrooms are adjustable to meet requirements of independence and varying degrees of dependency – each individual has a care plan.
 Corner placed shower allows left- or right-sided independent/dependent use.
 Peninsular toilet allows left- and right-sided access.
 Hand washing within reach of the toilet by means of movable basin.
 Carers testify that the layout works well when they are required to give assistance in the bathroom.
