### Challenge

- ▮ To offer a solution which caters for the needs of students with varying degrees of dependency and various disabilities

### Solution

- ▮ All track based products:
- ▮ R4760 Wash basin bracket
- ▮ R2050 Ergonomic wash basin
- ▮ R3548 Support arms
- ▮ RT756 Shower mixer bracket
- ▮ RT104/RT600 Shower rail and holder
- ▮ Number of 410 Shower chairs to locate in room when needed

### Effect

- ▮ The bathrooms are adjustable to meet requirements of independence and varying degrees of dependency.
- ▮ Corner placed shower allows left-or right-sided independent/dependent use.
- ▮ Peninsular toilet allows left-and right-sided access.
- ▮ Hand washing within reach of the toilet by means of movable basin. Carers testify that the layout works well when they are required to give assistance in the bathroom.
